

DR. BILL WARNER

BILL WARNER, Ph.D. is a highly respected expert on political Islam. In 2006, he founded the Center for the Study of Political Islam (CSPI) to further the study of the politics of the ideology of Islam and its ramifications for Western Civilization. Warner defines political Islam as that part of Islamic doctrine which concerns the non-Muslim.

Warner is the author of fifteen books, including the Amazon bestseller, *Sharia Law for Non-Muslims*, which is published in 20 languages. His *Simple Koran* is the first Koran that can be easily understood by integrating Mohammed’s life into the Koran verses. This method gives a context to the book which makes the meaning transparent. All his books are concise and easy to understand.

Warner has published numerous articles on the topic of Political Islam and is a prolific video blogger with over 150 videos dedicated to commentary and education on this subject. His video, “Why We Are Afraid”, has over four millions views.

Warner has led seminars and given public talks throughout the United States and Canada, and internationally in Central Europe and the Balkan countries.

In 2013, he established CSPI International (CSPII), a volunteer, non-profit organization, based in Brno, Czech Republic, with affiliates around the globe. CSPII translates & publishes Warner’s books world-wide, provides trainings & lectures, and does research on political Islam.

Warner created the first self-study courses on political Islam. His books give an overview of the complete Islamic doctrine and address how the doctrine is applied to world events. CSPI books are also available as a web-based community learning platform.

Bill Warner holds a PhD in physics & applied mathematics from North Carolina State University. He has been a research scientist at the Sarnoff Princeton Labs, a business owner of an energy efficiency company and a university professor.

ABOUT CSPI

Because political Islam has subjugated other civilizations for 1400 years, Dr. Bill Warner founded the Center for the Study of Political Islam (CSPI) to further the analysis of its doctrine and the ramifications for Western Civilization. Its mission is to educate the world about the doctrine of Islamic politics through his work and CSPI research. He has written over a dozen books that make the doctrine of political Islam easy to understand. He also developed the first self-study course on political Islam.

The CSPI Group consists of the CSPI Publishing Company; CSPI International, a non-profit educational and teaching organization based in the Czech Republic with affiliate countries around the globe; and politicalislam.com, Dr. Bill Warner’s website with commentary about the influence of political Islam on current events.

TESTIMONIALS

"I was a Muslim convert for ten years, I studied Islam in Yemen, North Africa and Europe...Everything [Bill Warner] conclude[s] about Islam is 100% correct, I can testify on that."

MORTEN STORM

Author of Agent Storm: My Life Inside of Al Qaeda and the CIA

"Dr. Warner knows his Islam. So much so, that when he was challenged by several Muslims at the Arlington (TX) Public Library, where I'd asked him to speak in May, 2009, as part of my ACT! for America information series, he was not only able to answer, but to prove his answer using quotes from the Qur'an and the Hadith. His knowledge is deep, but his delivery is also superb. If I could have Dr. Warner with me at every one of my presentations, it would be like having a talking encyclopedia on hand."

DORRIE O'BRIEN

National Mentor ACT! for America

"You are so riveting in your knowledge and experience that I couldn't take my eyes off of you and what you were saying, and your delivery is beyond belief, as a professional it was astounding to me, and why more haven't ppl haven't watched this and understood it...you do things in a very calm way, you don't yell and scream, you get your point across with history, with knowledge, with reason..."

TESTIMONIALS

"I have known and worked with Dr. Bill Warner for over 10 years during which time I have published his works and done extensive video interviews with him."

JAMIE GLAZOV

Author & Managing Editor of FrontPage Magazine

"I was a Muslim convert for ten years, I studied Islam in Yemen, North Africa and Europe. I was a fundamentalist (Salafi) throughout my ten years...however it was not in vain, as when I apostated, this knowledge became very useful in my crusade against Islamic Terrorism.

In spite of having studied Islam already, I can't stop watching your [Bill Warner's] online lectures as they still teach me something new. Everything you [Bill Warner] conclude about Islam is 100% correct, I can testify on that."

MORTEN STORM

Ex-Jihadist, Author of Agent Storm: My Life Inside of Al Qaeda and the CIA.

"Dr. Warner has made the three essential Muslim scriptures, the Koran, the Sira and the Hadith, accessible to both Muslims and non-Muslims, who want to understand the teachings of Mohammed, and how a good Muslim is supposed to live, according to the one real authority on the subject, Mohammed."

RICHARD SACKS

Radio host, Lost Arts Radio

"Dr. Bill Warner is one of the most knowledgeable experts on the political aspects of Islam that I have ever met. I became aware of Dr. Warner through a terrorism expert that I had been associated with in the past. That person advised me to research Dr. Warner's credentials and, if I thought him credible, make contact with him. That I did and I was so impressed with his knowledge that I brought him to my Rotary Club (100 members) to make a presentation for them. That presentation was extremely well received as few of the Club members knew very much about the political goals of Islam and how true believers are commanded to follow its tenets. I highly recommend that you take some time to explore political Islam with Dr. Warner. You will be very surprised at how little you know."

METHODOLOGY

Dr. Warner holds that the totality of the true nature of Islam is found in the Trilogy of the Koran, the Sira (the biography of Mohammed) and the Hadith (the traditions of Mohammed). All evaluation of Islamic history and current activity is caused by the doctrine found in this Trilogy. Therefore, it is impossible to understand any Islamic action without knowing the doctrine that is its cause.

Warner postulates that there are three independent views of Islam that are not reconcilable. The three views are believer-centric, apologist-centric and Kafir-centric. The believer-centric view is the view of a Muslim. Apologist-centric is based upon the apologetic view of non-Muslims. Kafir-centric is the view of the non-Muslim. A comprehensive knowledge of Islam must include all three. These views cannot be resolved, but each must stand alone.

Warner's training in scientific theory and mathematics shaped how he analyzed Islamic doctrine. Realizing that the Islamic texts had been made deliberately difficult to read and comprehend, he set out to organize the doctrine in a manner that would be easily understood by the average person. As he analyzed the foundational Islamic texts, it became clear that Islam is not constructed on the same civilizational principles as the rest of the world. Simple statistical methods revealed that dualism and submission were the foundational principles of Islamic doctrine.

STATISTICAL METHODS APPLIED TO THE ISLAMIC TEXTS SHOWED THAT:

- Islam is far more of a political system than a religion.
- There is no unmitigated good in Islam for the Kafir (non-Muslim).
- Islam's ethical system is dualistic and is not based on the Golden Rule.
- Islamic doctrine cannot be reconciled with our concepts of human rights and our Constitution.
- The great majority, 96%, of all Islamic doctrine about women subjugates them.
- The Sunna (what Mohammed did and said) is more important than the Koran in a Muslim's daily life.
